Front Range Woodturners

A Chapter of the American Association of Woodturners

Our next meeting will be August 1, 2000, at Schlosser's.

Pete Holtus will show some vacuum chucking methods but we are hoping that you all will also bring your vacuum chucks to show and discuss or bring what you use instead of a vacuum chuck.

Our September meeting will be about making items for the upcoming holiday season. If any of you can or will bring your small lathe and demonstrate your specialty for the rest of us: pens, boxes, ornaments, candle holders etc. I you will do this, please let Al or Pete know.

The Ft. Collins club is hosting a symposium again, the date is September 30. Please see page two.
